SAFEGUARDING OUR CHILDREN

Is your child ready to go out alone?

This **NSPCC** leaflet offers advice and practical tips to parents on judging if a child is ready to be out on their own.

It includes information on preparing children for different situations such as walking to and from school by themselves, attending sports or holiday clubs, or going out to play with friends.

Download [Out alone: is my child ready to go out alone?](#) on the NSPCC website

Further information for parents

For more about when your child's old enough to be out on their own, and how to teach them to keep safe while they're away, see the NSPCC's [Staying safe away from home](#) page.

PEEP Learning Together Group

In January a group of parents and nursery children, alongside teachers Mrs Lister and Mrs McGregor embarked on a learning journey together. It involved taking part in a weekly group where we shared experiences and ideas about how young children's learning can be enhanced through every day experiences. It is amazing how a simple trip to the supermarket or a visit to the beach can be enriched even further once you understand a little more about how young children learn! Children soak up so many foundations for learning and we talked about how to maximise this. Parents, children and teachers alike came to look forward to our Monday morning get together. Unfortunately, all good things must come to an end and during our final session we celebrated with a bit of a picnic snack and all of our favourite rhymes. We hope to run something similar next year with parents of pre-nursery/nursery children. If you would like to register an interest please let Mrs Lister know.
